

ADAM YATES

I'm a passionate designer with an eye for detail and ability to deliver using digital or physical media; educated to degree level in architecture.

Growing up, I was always looking for ways to design spaces through sketching, modelling, and gaming, all of which were used to help me explore existing or realise new concepts. The latter became an interest of mine, as well as my fascination with technology and design software. A career path in the building industry quickly became an obvious choice for me.

Today I'm just as enthusiastic about tech, software, and gaming, all of which are hobbies of mine along with cycling and walking out in the countryside, and occasionally going to the gym.

Outside of my personal interests I like to spend quality time with those close to me, whether it's with friends in-person or online, with the pets, or with my family. While I enjoy socialising I also value time to myself working with new tech, tinkering with my PC, gaming, watching my favourite sci-fi series, or cooking.

QUALIFICATIONS

- **BArch (Hons) Architecture - 2:1 Honours**
University of Lincoln
2019 to 2023.

- **A-Level 3D Design - Grade B**
East Norfolk Sixth Form College
2017 to 2019.

- **A-Level Graphics Design - Grade B**
East Norfolk Sixth Form College
2017 to 2019.

- **GCSEs**
University Technical College Norfolk (UTCN)
2013 to 2017.

Computer Science - A
English Language - B
English Literature - B
Mathematics - B
Physics - B
Fine Art - C
Biology - C
Chemistry - C
BTEC Engineering - Level 2 Pass

KEY SKILLS

- **Confident with software.** I can confidently use industry standard software, and if I am unfamiliar with a program I can learn quickly and efficiently.
- **A team player.** I can communicate effectively and work well with and as part of a team - big or small.
- **Technically literate.** I can confidently use most modern operating systems and associated software.
- **Detail-focused.** I consistently aim to achieve the highest possible standard in my work through detailed development.
- **Inquisitive.** I am always eager to learn and acquire a deeper understanding of my field of work.
- **Hard working.** I always work to the best of my ability and strive for self-improvement.

Known Software:

- R** Autodesk Revit
- Ai** Adobe Illustrator
- A** Autodesk AutoCAD
- Id** Adobe InDesign
- S** Trimble SketchUp
- Ps** Adobe Photoshop
- E** Enscape
- L** Lumion

Other Skills:

- UK** Full UK Driving License Class B
- MS** Confident with full Microsoft Office Suite

EXPERIENCE

- **AlphaChase Engineering Services Ltd.**
Design Engineer (contractor)
2024 to present.

Employment with AlphaChase involves working with a high-profile client from the beverage industry to deliver a 3D digital twin model of their manufacturing facilities. Using a combination of point cloud data procured through LIDAR scans, historic floor plans, and Matterport scans, I am in the process of using Revit with Lumion to create an accurate representation of existing facilities for use in renovation planning and presentations.

- **Primark Stores Ltd.**
Retail Assistant (part-time / full-time)
2018 to 2019 / 2021 to 2022.

The Retail Assistant role included the maintenance and replenishment of assigned departments around the store, making note of which stock sold well and ordering more if needed. If called upon by management, I would be able to transition to serving customers and conducting transactions at peak times. If new employees required training, I was equipped with the knowledge to quickly get them up to speed so that they could work efficiently. The key to my success - especially on busy days - was working well and communicating clearly with my colleagues.

- **Sutton Building Supplies**
General Assistant (part-time)
2016 to 2018.

My responsibilities as an employee involved advising customers on purchases and process cash, card or account transactions, and processing new product records by applying relevant data to the stock database. This included assigning bar-codes, descriptions and prices so that the database could be consulted when performing a transaction. My IT skills were also utilised when helping to maintain the company website, as well as the cash desk server and network when needed.

EDUCATION

- **University of Lincoln**
Higher Education.
2019 to 2023.
Studied Architecture (BArch Hons).
- **East Norfolk Sixth Form College**
Further Education.
2017 to 2019.
Studied and sat A-Levels.
- **UTC Norfolk**
Secondary Education.
2014 to 2017.
Studied and sat GCSEs.
